
FYP Report Template for Development Projects

Cover Page

- University Name & Logo
 - Department of Computer Science
 - Title of the Project
 - Submitted by (Student Names & Roll Numbers)
 - Supervisor Name
 - Session (e.g., 2021–2025)
 - Submission Date
-

Declaration

- Students' declaration of originality
 - Signatures of group members
-

Acknowledgments

- Appreciation to supervisor, department, peers
-

Abstract

- Brief summary of the project, problem, solution, tools used, and outcome (200–300 words)
-

Table of Contents

- Auto-generated with page numbers
-

List of Figures / Tables / Abbreviations (if applicable)

Chapters

Chapter 1: Introduction

- Project Background
 - Problem Statement
 - Objectives
 - Scope and Limitations
 - Methodology Overview (e.g., Agile, Waterfall)
 - Report Organization
-

Chapter 2: Software Requirements Specification (SRS)

(This follows IEEE SRS format)

- Introduction
 - Purpose
 - Intended Audience
 - Definitions & Acronyms
- Overall Description
 - Product Perspective
 - User Characteristics
 - Assumptions and Dependencies
- Specific Requirements
 - Functional Requirements
 - Non-functional Requirements (Usability, Performance, Security)
 - Interface Requirements (UI, APIs)

Chapter 3: System Design

- System Architecture
- Use Case Diagrams
- ER Diagrams / Class Diagrams
- Sequence Diagrams
- UI Mockups or Wireframes
- Database Design

Chapter 4: Implementation

- Development Tools and Technologies
- Description of Modules
- Key Implementation Details
- Sample Screenshots

Chapter 5: Testing

- Testing Strategy (Unit, Integration, System, User Acceptance)
- Test Cases and Results
- Bug Fixes / Issues Tracker
- Tools Used (e.g., Selenium, Postman)

Chapter 6: Deployment & User Manual

- Deployment Steps (Hosting, Platforms, Dependencies)
 - User Instructions (Login, Navigation, Usage)
 - Maintenance Guidelines
-

Chapter 7: Results, Evaluation & Conclusion

- Summary of Achievements
 - Challenges Faced
 - Lessons Learned
 - Future Enhancements
-

References

- Use APA / IEEE format
-

Appendices

- Proposal Copy
 - Plagiarism Report
 - Extra Code Snippets
 - GitHub/Bitbucket Repository Link
 - User Manual (if not in Chapter 6)
-

Submission Guidelines (optional to include):

- File Format: PDF
 - Font: Times New Roman, 12pt
 - Spacing: 1.5
 - Margins: 1 inch
 - Plagiarism < 20%
-
